KARON has a wide range of food and beverage, cleaning products and more and provides all for your needs.

KARON has a simple mission: to make customers' lives easier, provide excellent service, and help them grow. Its values are an essential part of its culture and the source of its continued growth and success.

About Us

KARON is a wholesale trading company that provides high quality products and services. Distributing selected brands, KARON strives to meet the needs of customers and exceed their expectations. KARON has a wide range of food and beverage, cleaning products and more and provides all for your needs.

KARON brands meet with distinguished customer base at the most exclusive points of Turkey. This makes KARON a preferred business partner. KARON has a simple mission: **to make customers' lives easier, provide excellent service, and help them grow.** Its values are an essential part of its culture and the source of its continued growth and success.

With its wide product range, KARON offers domestic and imported food, nuts, flour, olive oil, healthy and vegan snacks, organic farm products, fresh vegetables and fruits carefully produced with the principle of clean agriculture, cleaning detergents and chemicals, from selected brands to wide-ranging food products, beauty and cosmetics products, lumber, medical and medical products, paper and paper products and printing packaging companies in its portfolio. It aims to offer the products and services that meet the market demand to its customers in the fastest and most accurate way. KARON offers a wide range of product solutions to its customers' needs. Sustainability and food safety are the main targets in their business where adherence to industry regulations helps reduce risks for their clients. KARON's local focus has been a major role in its success and leads it to develop strong relationships with customers in every community.

HEALTHY FOOD PRODUCTS

We offer different options for everyone who wants to take care of themselves by continuing with innovative products. From kombucha to probiotic bars, we are expanding our product range with good and natural products that can be consumed in every moment of life. We believe in the power of eating well and being well! We produce our products with the ingredients we obtain from the best suppliers in Turkey and in the world, without using any preservatives or additives, by sticking to our boutique production rigor. We can follow the contents of our products to the field, and we continue to carry out all our supply and production processes in human and nature-friendly conditions, in accordance with international food and environmental safety standards, with the assurance of KARON. We create a reliable supply system to offer the purest form of nature.

From functional snack bars enriched with super foods to high-protein bars, fruit bars, children's bars, vitamin fruit bars, protein powders and granolas, from filter coffee to quality coffee, from peanut butters to mueslis, from cane bread to lavash and pita flours and whole wheat flours, our product portfolio appeals to everyone who wants to be fed healthy and balanced, consists of brands that use natural ingredients without additives and preservatives. Taking into account the satisfaction of our consumers, we seek response to their suggestions and demands. We will continue to add new products for everyone who wants to have a healthy snack and a qualified diet.

Check out more than 1500 products of over 100 distinguished brands with the assurance of KARON!
