WELCOME

KARON is a wholesale trading company that provides high quality products and services. Distributing selected brands, KARON strives to meet the needs of customers and exceed their expectations.

KARON has a wide range of food and beverage, cleaning products and more and provides all for your needs.

KARON has a simple mission: to make customers' lives easier, provide excellent service, and help them grow. Its values are an essential part of its culture and the source of its continued growth and success.

About Us

KARON is a wholesale trading company that provides high quality products and services. Distributing selected brands, KARON strives to meet the needs of customers and exceed their expectations. KARON has a wide range of food and beverage, cleaning products and more and provides all for your needs.

KARON brands meet with distinguished customer base at the most exclusive points of Turkey. This makes KARON a preferred business partner. KARON has a simple mission: **to make customers' lives easier, provide excellent service, and help them grow.** Its values are an essential part of its culture and the source of its continued growth and success.

With its wide product range, KARON offers domestic and imported food, nuts, flour, olive oil, healthy and vegan snacks, organic farm products, fresh vegetables and fruits carefully produced with the principle of clean agriculture, cleaning detergents and chemicals, from selected brands to wide-ranging food products, beauty and cosmetics products, lumber, medical and medical products, paper and paper products and printing packaging companies in its portfolio. It aims to offer the products and services that meet the market demand to its customers in the fastest and most accurate way. KARON offers a wide range of product solutions to its customers' needs. Sustainability and food safety are the main targets in their business where adherence to industry regulations helps reduce risks for their clients. KARON's local focus has been a major role in its success and leads it to develop strong relationships with customers in every community.

AUTOMOTIVE & SPARE PARTS

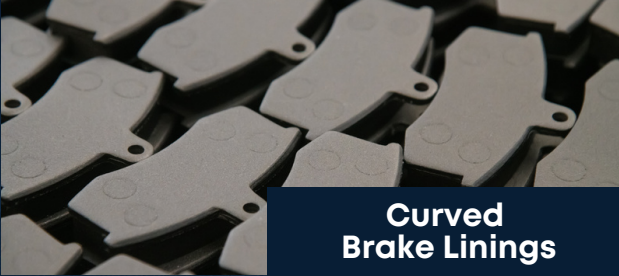

We meet your automotive and spare parts demands with our world-leading partner for original equipment and quality automotive safety products. Our Braking Systems stand out with their engineering quality and innovative design in products such as Steering and Suspension parts, Commercial Vehicle components and Service Vehicles. Our products are tested both by ourselves and by independent organizations.

Supporting workshops for over 100 years, our partner is the world's leading premium supplier of brake, steering and suspension products. With over a century of experience, it sets standards in safety and quality as an original equipment supplier.

Check out dozens of products of our business partner, which continues its activities in the automotive and spare parts sector, with the assurance of KARON.
